# WELCOME TO SUMMER**ART** 2020!

At the Montclair Art Museum, we are serious about art, creativity, personal growth, friendship, and making the most of summer vacation!

**Art camp isn't just for young artists—this summer, your child will explore nature, science, history, mathematics, technology, and more through creative expression.**

SummerART programs are designed to cultivate imagination while developing skills in a nurturing and supportive environment. Our youngest campers can choose from many morning camp options. Older campers may select from our focused Afternoon Electives such as Comic Art or Sculpting Studio. A new elective this year, Math + Art, developed in partnership with Fairleigh Dickinson University and co-taught by a math education professor and MAM art instructor, will stimulate creative thinking in new ways with a focus on our Native American collection.

Half day and full day classes for young teens ages 12-15 are available! With choices that range from traditional fine arts media such as drawing, painting, sculpture, and ceramics to digital photography and graphic design in our upgraded Digital Media Lab, **there is an option for any young teen exploring the visual arts or interested in honing their skills this summer.**

Teens 16+ can register for adult studio classes, so look out for a separate catalog in the spring. The **SummerART Counselor and Counselor-in-Training Program** provides great professional experience for older teens and young adults interested in exploring careers in the arts. Visit [montclairartmuseum.org/ysa](http://montclairartmuseum.org/ysa) for more information and an application.

Whether your child or teen joins us for one session or all summer, we can't wait to get to know you and your family. **Scholarships** are available based on merit and financial need. The Art for All financial assistance program is available for children with disabilities and special needs.

Everything you need to prepare for SummerART is right here. If you would like to discuss your child's interests and needs to find the best program and schedule, give us a call at **973-259-5139** or email [yardschool@montclairartmuseum.org](mailto:yardschool@montclairartmuseum.org).

See you this summer at MAM!

**MEMBERSHIP**  
MAM membership is valid for one year from the date of activation of the membership. Members receive reduced tuition fees for studio classes, workshops and camps. Members also receive a variety of benefits including free admission to MAM, discounts to local restaurants and The Store at MAM, invitations to Openings, and so much more. Membership categories and a complete list of benefits are available on the MAM website.

PLEASE NOTE: The Art School tuition discount applies to the member only for Student and Individual memberships. However, Family level memberships and higher categories entitle all members of the immediate family to tuition at the reduced member rate. Single memberships are not offered for children under age 18. Therefore, to be eligible for the reduced member rate for children's classes or camps, the child's family must have a current Family or higher membership. Membership dues may be paid at the time of registration. If your membership is due to expire during the upcoming class session, please include your renewal payment with your registration fee. For more information, call the Membership Department at 973-259-5151.

**TERMS OF REGISTRATION**  
In consideration of the benefit for which I, or my child, will derive from these activities, I hereby release the Montclair Art Museum (MAM), its trustees, staff, parents, and any other affiliated individuals associated with the Yard School of Art from any and all claims or actions whatsoever in connection with the operation and supervision of these activities. I understand that MAM does not have an onsite nurse or any other medical professional. Staff members will not administer medications and do not have the ability to monitor medical conditions. In the event of an emergency, MAM staff will seek outside medical assistance. Nuts and nut products are not permitted during camp, and the museum uses non-toxic art supplies for kids studio classes; however, MAM does not guarantee that it is an allergen-free facility.

In the event that I cannot be contacted and the person that I have designated cannot be contacted or in the event of an emergency where there is not sufficient time to contact me or my designee, I hereby authorize MAM staff to act on my behalf with regard to medical treatment of myself or my child. Specifically without limitation, I authorize transportation for me, my child, and I authorize emergency medical treatment. Minors will be accompanied by a MAM staff person. I understand that MAM staff will make every effort to contact me, or my emergency contact, during an emergency.

My child has permission to take part in all activities at MAM during the summer program. In addition to activities that take place on the Museum grounds, I give my child permission to take walking tours under the supervision of MAM staff.
