

# SUPPLIES FOR SURFACE DESIGN MARATHON

## WINTER 2020 VIRTUAL MAM CLASS

Questions? Contact me at [miriamjacobs920@gmail.com](mailto:miriamjacobs920@gmail.com)

***PLEASE READ THE FOLLOWING VERY CAREFULLY:*** All prices are for Amazon Prime members unless otherwise indicated. Please feel free to shop at other places like Jerry's, Dick Blick's, Dharma Trading or Michael's. I also urge you to visit to your local dollar store - they may carry items for *a lot* less money than anywhere else.

**If you do not already own a marbling comb, you will need to order one from Galen Berry, and you will need to do this as soon as you register for class.** There is no substitute for this and you won't be able to do the marbling without it. Do NOT try to make one on your own - it's much harder than it seems like it would be. When you order, you can tell him it's for my class - he knows my name. <http://marbleart.us/MarblingSupplies.htm>, Galen Berry, standard comb, 11" long, **\$15.00**

**CAN USUALLY BE FOUND AT DOLLAR STORES (with the Amazon info included if you don't find these things at the dollar store):**

**White tissue paper:** *Go to your local Dollar Store and get 10-20 sheets.* Amazon sells 100 sheets, 15" x 20" for \$6.16 but you will not be using that much.

**Liquid watercolor** - 6 colors, \$24.82, Colorations

**Paint brushes** - FolkArt Plaid Nylon Brush Set, 50559 Brown (3-Piece), \$3.97 — You will only need one brush to apply glue, so any old brush will do.

**scissors** - Scotch Precision Scissor, \$5.29

**exacto knife and blade** - Fiskars 167110-1001, \$5.49

**Elmer's glue** - get the smallest bottle at the dollar store, or at Amazon: \$6.77, 16 ounces

**Drawing paper** - Strathmore 300 Series Drawing Pad, Medium Surface, 11"x14", Wire Bound, 50 Sheets, \$6.59. Again, you will NOT need this much, so see if your dollar store has a smaller quantity.

**tracing paper** - Strathmore, 50 sheets, \$7.34 (the dollar store likely has this in smaller quantities)

**pencil** - Ticonderoga, 4 pack, \$2.99 (or one pencil at the dollar store)

**tweezers** - Revlon Expert Tweezer, \$5.39

**ink pads** - Excel Mark Ink Pad, \$6.99 or 2000 PLUS Stampad, \$5.99 (any color)

**rubber bands** - Business Source Rubber Band, Natural (1914LB), \$2.75 - this is way more than you need, so definitely go to the dollar store and/or dig up 10-15 in your junk drawers at home!!

**plastic tub** - any kind of **large** container that can hold water will do, even an old soup pot no longer used for food

**gloves** - any kind, to keep your hands clean if you don't want to get paint or ink or dye on your hands

**two bottles foam shaving cream** - at a Dollar Store (make sure to get the foam, NOT gel)

**plastic broom** - Dollar Store - you will be cutting the bristles off of the broom and making bundles that will fit inside the Dye-Na-Flow jars (no larger than 1/2" circumference)

**masking tape**

**black Sharpie**

**two large bags of crushed or cubed ice**

**dishwashing soap** - small amount

**THESE ITEMS ARE NOT FOUND AT DOLLAR STORES; some may be found in your home:**

**Dye-Na-Flow** - Jacquard, 9 colors, \$16.99 (or you can try to water down acrylic paint but I have had better luck with Dye-Na-Flow)

**Procion MX dyes** - get at least four colors, 2/3 ounce jars, prices range depending on color, starting at \$6.00 each color

**two plexiglass or glass plates** - NIUBEE Acrylic Plexiglass Sheet 6x12 Inches (2 Piece), 1/8 Inch Thick Clear Plastic Perspex Plate Panel, \$12.16— — —If you go to your local hardware store, you can get plexiglass there as well but it's expensive, so you can get two pieces of glass, which is much less expensive. If you buy glass, try to get the glass at least 1/4" thick. Ideally, these plates should be a little larger than a standard size piece of paper (what Amazon offers is OK but not great)

**one chopstick**

**carving material** - Speedball Speedy Carve, white or pink, \$8.00, 4 x 6"

**newspaper**

**rice paper or calligraphy paper** - Teagas Chinese Calligraphy Brush Ink Writing Sumi Paper, \$7.99, 30 sheets.

**plastic containers for paint** - use recycled food containers

**cardboard** - to cut things on.

**two boxes RIT color remover** - 2 ounce box, \$6.64 (cheaper at a grocery store) (*bleach can be used as well but should only be used in a well-ventilated place*)

**Dough scrapers** - Ateco 1303, Bowl Scraper Set of 2, \$4.31

**cotton** - use white 100% cotton for ice-cube dyeing and solid colors for bleaching (discharging) (don't use whites or light colors or pastels). I would get about six pieces of white and six pieces of solid colors. They should be at least 9" x 9" - rectangular or square is unimportant - precise measurements are also not important. Joann Fabric sells cotton fat quarters, which are 18" x 21". You will not need pieces larger than this. You can also cut up old T-shirts but make sure they are 100% cotton....or, use the T-shirts whole without cutting them up.

**electric frying pan (deep) OR hot plate and sauce pot** - Maxi-Matic Elite Cuisine Electric Skillet with Glass, 7 inches, Black, \$15.99 or Elite Gourmet Countertop Electric Hot Burner, Temperature Controls, Power Indicator Lights, Easy to Clean, Single, Black, \$16.99 along with a small pot, IMUSA USA 0.7Qt Traditional Colombian Mini Caldero (Dutch Oven) for Cooking and Serving, 0.7 Quart, Silver, \$7.99

**rag or old washcloth**

**wax/paraffin** - Blended Waxes, Inc. 1 lb. Block - Household Paraffin Wax for Canning, Candle Making, Metal Preservation, Waterproofing, and A Variety of Other Applications (1), \$10.99 - again, this will be waaaaay more than you will need, so go to your local hardware store and buy a smaller quantity

**Canson paper** - Canson Mi-Teintes Drawing Sheets, 19 x 25 Inches, Portrait Landscape Colors, 10 Sheets, \$23.24; At Jerry's, you can order on line and get a package of 10 sheets for \$21.17, or, better yet, go to the store to get individual 8 1/2" x 11" sheets; Dick Blick also carries this kind of paper but if you order online the individual sheets are quite large.

**Masa paper** - 21" x 31", \$1.68 at Dick Blick; Jerry's carries masa paper as well but their website was not working tonight so I couldn't get the price. For this lesson, it would be great to have a little bit of Canson paper *AND* one sheet of masa paper but don't worry if you can't get both

**iron/ironing board** - use whatever you have at home. If you happen to have an iron with no holes on the bottom, that's even better, but it's not imperative.

**THESE ARE OPTIONAL ITEMS (SOME MAY BE FOUND AT DOLLAR STORES AND ARE MARKED WITH \*\*\*\*):**

\*\*\*\***plastic placemats** - at Dollar Stores, get them without texture. These are great for carrying wet paintings to a different place to dry. You may not need them, depending on your work set-up.

\*\*\*\***coarse salt**

\*\*\*\***water spritzer**

\*\*\*\***crayons**

\*\*\*\***colored pencils**

bleach pen (at grocery stores or on Amazon)

dust mask

cooling racks for cookies

oil pastels

piece of carpeting

heat gun

embossing powder

Tsukineko All-purpose ink

Djanting tools

copper stamps (for batiking)
