# 20 YEARS OF THE YARD SCHOOL OF ART

Since its founding in 1950 by Margaret Yard Tyler, the Yard School has been committed to providing exceptional educational experience and instruction for all ages through the arts. After merging with MAM's already thriving studio program in 1998, the Yard School kept classes for children, teens, and adults, and added a summer camp. Offerings have grown over the years, in part due to the addition of a Ceramics Studio and Digital Media Lab in 2010-11. Today, classes, workshops, and camps are designed to build traditional studio skills as well as introduce students of all ages and abilities to a range of media and processes. At the 20-year anniversary of this merger, the Yard School is looking to the future with ways to further evolve its offerings to suit the needs of our community.
